The Strange Camper

Story by Marina and pictures by Claire (Teepee)

One ordinary day at Whippoorwill, Log Cabin was doing sign ups. Only one girl signed up with Destiny. This young girl was a very strange camper. Destiny was making a video of camp. She was recording when the little camper was abducted by a bunch of aliens. Destiny stared at the sky. She quickly showed Mrs. Shanelle and called her parents. They freaked out because they were secretly the alien Queen and King, which meant she was the alien Princess. Meanwhile, in space, Maria was just learning her parents' secret. She went to her castle on Pluto. She went to the lab and changed to her alien form again. For every night she had turned into an alien. She stayed here for a day then decided to go back to camp. From then on she kept her secret and lived happily ever after.

Apparently a new monster is roaming around Whippoorwill. A reliable source (AKA Cannon) has seen a monster in the creek. Here's what he said about it.

Ellen: What do you think you saw in the creek?
Cannon: It looked like a big dog or a small bear.
Ellen: If it was a small bear, would you be surprised?
Cannon: No, probably looking for new territory.
Ellen: What do you think about chickens stealing lunches?
Cannon: They're not stealing. They are claiming what's theirs.
Ellen: What's your favorite animal?
Cannon: Bear or capybara.
 And that's all we have for now!
